Snowmobilers Association celebrates 50 years

Within a community there are a number of smaller communities brought together by the shared love of the sport and the common bond of shared out-look and interest. There is the community formed by the friends who live in the same area, the friends of the same age, and the community of those who love the same sport. There is also the community of those who live in the same village, throughout the year, or in the same neighborhood, with whom you share your common interests. These friends meet under the name of the South Dakota Snowmobile Association (SDSA), a club of which I am an official member of SDSA 20 years.

The 1969 charter membership list of the SDSA shows names of ten residents of Sisseton, evidence of area inter-est in snowmobiling at least as long as 50 years. Ten years before any-thing serious started to take a statewide snowmobile association, a group of Sisseton and Rapid City fellers formed the Rapid City Snowmobile Club. One of the first to take vol-unteer offerings at the Sisseton Trails, which was born started 50 years ago, is the Sisseton Snowmobile Association (SSA), which is an affiliate of the South Dakota Snowmobile Association (SDSA). The SSA was formed with the想法 of the SDSA 20 years.

Upon the formation of the first snowmobile clubs in the area, it was agreed that the Sisseton area needed a club along the same lines as the Rapid City club to bring together the snowmobilers of the Sisseton area. The club was formed in 1969 and is still in existence today.

It is an organization that brings together snowmobilers of the Sisseton area to promote the sport of snowmobiling and to make the area more attractive to visitors. The club has a number of activities throughout the year, including a Winter Carnival and a Snowmobile Run in the Black Hills.

In 1969, the club had a membership of around 50, but it has since grown to over 300 members. The club has a board of directors that oversees the activities of the club and a membership that includes individuals, families, and businesses.

The club offers a number of benefits to its members, including access to groomed trails, discounts on equipment and services, and opportunities to participate in events and activities.

The Sisseton Snowmobile Association is a non-profit organization that relies on membership dues, donations, and sponsorships to operate. The club has a strong group of volunteers who contribute their time and skills to make the events and activities possible.

The club is dedicated to promoting the sport of snowmobiling and making the Sisseton area a destination for winter sports enthusiasts. With the help of its members and supporters, the club continues to thrive and provide opportunities for fun and adventure in the Sisseton area.

What is mediation?
Where 2 or more persons who have disagreements or lack of communication meet with a neutral, impartial mediator. The goal is to identify all the issues and concerns that are fair and equitable to both parties.

Mediation offers numerous benefits. It is confidential, is speedier than litigation, allows the parties to maintain control over the outcome, and is generally less expensive. Mediation is also an effective way to enforce a settlement. Judges can approve mediation agreements and order the parties to perform as promised. Mediation is a unique opportunity to make connections to Arbiters and Tiomas. Contact our office at 494-7111.

Stay on your feet; Avoid falls

By Jim McGuire, Industrial Safety Specialist

Falls occurring on the farm are a primary cause of injury to workers. Over 3 million injuries result each year due to falls, according to the National Safety Council. Falls account for nearly 30% of injuries incurred by a fall, according to the National Safety Council. Falls are one of the leading causes of death in the United States. For every 100,000 workers in the United States, 16 die each year from work-related falls.

Farms are a workplace. The farm is a place where work is performed. All worksites are subject to the same workplace health and safety regulations.

Farms present specific challenges. Farm workers are typically employed for at least one year and account must be taken to grow member- ship and helping to provide credit unions with knowledgeable, member-focused individuals.

The Credit Union Foundation of the Dakotas (CUFD) is the professional association of the Dakotas. Its purpose is to build community awareness and support through the efforts of children’s charities, community and technical impact organizations and projects, financial education and housing programs through the credit union chapter system.

Bill seeks clearinghouse for missing persons information

By Dana Hesta
Community News
On Thursday, Jan. 16, the Senate Judiciary Committee gave approval for a bill that would create a clearinghouse for information about missing persons. The bill was introduced late in the morning on Jan. 16 by Attorneys General Jason Ravnsborg.

The bill would allow the clearinghouse to be used by all law enforcement agencies in the state to collect and disseminate information about missing persons and to share that information with the public.

The bill also mandates that the clearinghouse will allow for the public to submit information about missing persons and that the clearinghouse will be updated regularly with new information.

One of the bill's sponsors, Sen. Jason Ravnsborg, said that the legislation allows the Division of Criminal Investigation to share information with law enforcement agencies.

Usually, the Division of Criminal Investigation does not share information with law enforcement agencies unless there is a specific request for the information.

But with the passage of this bill, law enforcement agencies will have access to the clearinghouse to obtain information about missing persons.

The information will be shared with law enforcement agencies in the state, and it will also be made available to the public.

The bill was approved by the Senate Judiciary Committee on Jan. 16 and is expected to be approved by the Senate on Jan. 17.

JANUARY 21, 2020

**District 1**

**SENATOR, District Winter**

It is my honor to represent all of South Dakota. One as your State Senator. It’s also a privilege to serve as Chairman of the South Dakota State Senate Service Territory, and Mental Health Committee.

But now the real work begins. It’s time for the legislature to begin its work. It must meet its constitutional obligations.

And the South Dakota Senate is off to a good start.

On Monday, Governor Kristi Noem delivered her State of the State address.

I hope my colleagues and I will work together to continue to provide the leadership and direction our state needs.

As a result, I have submitted a resolution to the Governor’s office that would designate the entire state as a Service Territory.

I believe this is the right thing to do.

Thank you for reading.
